HAYS PREDICTS G. O. P. VICTORY

National Committee Chairman Says
Nominee Is Assured 378
Electoral Votes

AGAIN IN MARION

Senator Resumes His "Front
Porch" Campaign With "First
Voters' Day" Today

Chicago, Oct. 17.—Senator Hard-
ing is assured of 378 electoral
votes and probably will receive 395,
said H. Hays, chairman of the Re-
publican national committee, told
newspapermen today in an informal
talk over reports now being received
at Republican headquarters here,
from which formal forecast of the
Presidential election will be made
some time this week.

After spending today talking by
telephone to campaign managers in
every western state, Mr. Hays said he
was convinced that "Senator Harding
would carry every northern and
every western state and had a good
chance in Tennessee, Oklahoma, and
other border states."

Western states, which heretofore
have been classed as doubtful, now
definitely are Republican, he said.
In the senatorial races, Mr. Hays
predicted that the Republicans would
hold everything they now have and
would gain by carrying Maryland,
South Dakota, Kentucky, Colorado,
California, Nevada, Arizona, and
Oregon. Every Republican senator run-
ning for reelection is certain of vic-
tory, he said.

Resumes "Front Porch" Speeches.

Marion, O., Oct. 17.—Senator Hard-
ing's front porch campaign, inter-
rupted for more than two weeks by
speaking trips into the middle west
and south, will be resumed tomorrow
with a celebration expected to bring
to Marion one of the largest crowds of
the campaign.

The occasion has been designated
as "First Voters' Day" and several
thousand of young men and women
are to come by automobile and spe-
cial train to hear the Republican nom-
inee's speech on the duties and op-
portunities of those who cast their
ballot on November 2. Dele-
gates from several Ohio counties,
whom the senator originally had plan-
ned to receive Tuesday, will be joined
in the first voters' meeting.

First arrangements for tomorrow's
program provided that Governor Cool-
idge, the vice presidential nominee al-
so would speak. The governor's
speaking dates as later revised will
prevent his attendance here.

On Wednesday morning, Senator
Harding will leave for his last cam-
paign trip. Speaking that day at
Jackson, he continues eastward and
addresses a meeting in Rochester, N. Y.,
on Thursday and one in Buffalo, N. Y.,
on Thursday night and the senator
will return to Marion Friday.

COX STARTS FINAL TOUR OF CAMPAIGN

Speaks in Syracuse Tonight and in
Madison Square Garden Sat-
urday Evening

Cleveland, O., Oct. 17.—Governor
Cox secured a full day's rest here to-
day in preparation for what his as-
sociates said would be a whirlwind finish
to his presidential campaign. During
the next fortnight the Democratic candi-
date will make his fight in the great
population centers of the eastern and
central states, beginning tomorrow in
Syracuse, Rochester and Buffalo, N. Y.

New Hampshire cities and Boston
will be visited next Tuesday by the
Governor; Providence, R. I., Bridge-
port, Hartford and other Connecticut
cities on Wednesday; Wilmington,
Del., and Baltimore, Md., on Thurs-
day; Trenton, Princeton, Newark
and Jersey City, N. J., on Friday.

A Madison Square Garden speech
at New York next Saturday night will
close the week and during the follow-
ing week the candidate will speak at
Indianapolis, Chicago and other mid-
western centers.

The League of Nations promises to
be the virtually exclusive battle-
ground for Governor Cox for the re-
mainder of the campaign. His ad-
vocates today said that following the
speech of the candidate's addresses
here yesterday he would stress the
contention that Senator Harding, his
Republican opponent, stands for crys-
tallization of the league but still re-
tains, Kamerad, Kamerad, to the hosts of
peace.

Prior to his departure here late to-
night for Syracuse, Governor Cox
will at a quiet Sunday resting at his ho-
tel, and enjoying an afternoon motor
trip with friends.

DOZEN MINERS IMPRISONED.

Morgantown, W. Va., Oct. 17.—A
dozen or more men are believed to
have been caught in the Rockford
mine of the Connellsville Basin Coal
and Coke company when one entrance
of the mine was blown up by a dynamite
bomb today. Simultaneously an
explosion occurred at the Richard
mine, one mile away.

CONSTANTINE AIMS TO REGAIN GREECE

Former King Is Expected to Take
Advantage of Situation Caus-
ed by Son's Illness

Athens, Greece, Oct. 17.—King
Alexander, who is critically ill as a
result of infection arising from the
bite of a monkey, was slightly better
today.

The grave symptoms which were
observed throughout Friday night
were less pronounced today, the king's
general condition, however, continued
most serious.

Paris, Oct. 17.—The condition of
King Alexander of Greece was very
disquieting Saturday evening, said a
message by the Greek legation here
tonight.

Berne, Switzerland, Oct. 17.—Former
King Constantine of Greece is re-
ported here as intending to take ad-
vantage of the situation created by
the serious illness of King Alexander,
his son, by returning to Greece and
claiming the throne. The Swiss au-
thorities, it is stated, are taking
measures to defeat the alleged plot,
formed in Switzerland against the
present Greek government.

Geneva, Oct. 17.—Former King
Constantine returned from Lucerne to
an inquiry regarding his attitude to-
ward the regency for Greece being
discussed in connection with the ill-
ness of King Alexander, telegraphed
as follows:
"Sufficient unto to day is the evil
thereof. I will not think of a regency.
My plans are those of my people."

Athens, Greece, Oct. 17.—The doc-
tors in attendance upon King Alexan-
der expressed themselves at noon to-
day as satisfied with the king's pro-
gress.

MILLER IS FIRM ON LIQUOR VIEWS

"Stands Squarely" on Eighteenth
Amendment Statements, Anti-
Saloon League Is Told

New York, Oct. 17.—Nathan I.
Miller, Republican candidate for gov-
ernor, in a letter to William H. An-
derson, state superintendent of the
Anti-Saloon league of New York,
made public here tonight, declared he
"stands squarely" on statements he
has made concerning his position to-
ward the eighteenth amendment and
its enforcement. These statements, his
letter said, require an affirmative an-
swer to four questions submitted by Mr.
Anderson in a letter to the candidate.

The questions asked Mr. Miller were:
Whether he would recommend and
"stand for complete repeal of the
Walker-Gillett act; whether he would
recommend enactment by the state
legislature of the Volstead act whether
with or without provision for a special
enforcement department; whether he
would refrain from using his influence
to induce any member of either house
of the legislature or congress from
weakening the act, or increasing the
permitted alcoholic content of liquor;
and whether he will make clear, if
his views are asked, that he wishes
the legislature organized so as to
facilitate prompt passage of state en-
forcement legislation.

"I stand squarely on the statements
which I have made and which have
been generally reported in the press,"
Mr. Miller's reply said. "Those state-
ments, in my opinion, require an af-
firmative answer to each of the four
questions because one could not hon-
estly take the position which I have
taken and do less than act affirmatively
in respect to each of the specific
proposals which you submit."

COMPERS WARNS AGAINST TYRANNY

Labor Leader Addresses Immi-
grants Awaiting Deportation
at Ellis Island

New York, Oct. 17.—"One of the
greatest problems before the United
States is the conference between the
concepts of freedom and the progress
as against tyranny and reaction,"
Samuel Compers, president of the
American Federation of Labor, de-
clared in a speech at the Ellis Island
immigration station today.

"We to him who now attempts to
foster tyranny and injustice in the
masses of the people of the United
States," he added.

Mr. Compers' statement was ad-
dressed to American citizens after he
previously had spoken to the immi-
grants. He told those awaiting de-
portation that, if they were a "legiti-
mate objection" to their landing in
the United States they should have
been told on the other side.

"As to immigration, we do not wish
to close our doors, but would call
your attention to the fact that within
recent weeks quite a number of em-
ployers of labor have come to the com-
missioners of immigration and told
them not to send any more immigrants
to their centers as they could not ab-
sorb them or furnish them with em-
ployment. This is a problem with
which we will have to deal; we can-
not close our eyes to it."

THROW SUPPORT IN COX'S BEHALF

Many Usually Identified With Re-
publican Cause Promise Their
Vote to Democratic Nominee

100 SIGN PLEDGE

List Is Increasing Daily, Hamilton
Holt Says in Statement to Press
Representatives Sunday

New York, Oct. 17.—A joint state-
ment by "over 100 representative men
and women who have usually support-
ed the Republican or Progressive
tickets," announcing their intention to
vote for Cox and Roosevelt and those
senatorial candidates "who stand hon-
estly and frankly for ratification of
the treaty and adherence to the
League," was made public here to-
night by Hamilton Holt. This state-
ment set forth that "it is now too late
to talk of a new association of nations
to be created under Republican au-
spices," and "repudiate the present
Republican leadership that has per-
mitted the Little America party to be-
come the Little America party," urged
all Republicans to put "patriotism
above party and add their names to
the list of signers."

This list, according to Mr. Holt, is
increasing daily. An analysis given out
with the statement said that it in-
cluded 15 Republican officers of the
league to enforce peace, clergymen
representing all the principal denom-
inations, the presidents of Oberlin,
Vassar, Smith, Bryn Mawr and Mount
Holyoke colleges; several veterans of
the great war, and nine former Re-
publican or Progressive party man-
agers or office holders. In the last
classification were: Charles S.
Howland, Violet M. LeRoy, New York;
Theodore Marbut, Baltimore; W. H.
Nichols, Bennington, Vt.; Herbert Par-
sons, New York; Allan O. Salisbury,
Indianapolis; Edward E. Sloosan, New
York; Richard Welling, New York; and
Alice White, Wesley, Mass.

The statement declared that the Re-
publican party is "drifting toward na-
tional isolation," and has repudiated
the political traditions under which
the signers have been raised—tradi-
tions emphasizing international re-
sponsibility of America from Lincoln
to Taft.

Included among the signers of the
statement were Wallace Notestein,
professor at Cornell University, and
W. S. Wilson, former president of the
American Statistical Association, Ithaca,
N. Y.

Assuming that they held no brief for
the present administration and did
not insist "on any particular wording
of reservations to any articles of the
treaty," the signers set forth that they
did not desire that "a cause which
should have served to unite all parties
in the same spirit of common service
which won the great war should be
made a basis of party differences in
the present campaign."

DEATH ENDS FAST OF HUNGER STRIKER

First of Eleven on Strike in Cork
Jail to Succumb, Had Fasted
Sixty-Eight Days

(By The Associated Press)

Cork, Ireland, Oct. 17.—The first
death among the hunger strikers in
Cork jail occurred tonight. Fitz-
gerald died at 9.45 o'clock, having fasted
68 days.

The condition of Fitzgerald and
Murphy had become so grave today
that with the consent of the other
hunger strikers, the prison doctors
were permitted to give Fitzgerald med-
ical treatment. A Cork specialist al-
so was called in.

Fitzgerald was one of the 11 men
on a hunger strike in the Cork jail,
whose cases for a long time have been
the source of wonderment on the
part of the medical authorities. Near-
ly a month ago, Dr. Pearson and Dr.
Batescombe, the jail physicians, ex-
pressed profound amazement that the
men who were abstaining from food
were still alive and conscious. Up to
that time the physicians said that ex-
cept for the devotion and care of the
nuns in attendance upon the prisoners,
it was certain that several of them
would long since have been dead.

All the hunger strikers were declar-
ed to have been reduced to a severe
degree of emaciation.

The facial emaciation of Fitzgerald
at the time was declared to be most
pronounced.

Fitzgerald was placed under arrest
for shooting a private soldier, Jones,
outside Fermoy church on Septem-
ber 7, 1918.

NATIONAL GUARD INFANTRY COMPANY STRENGTH IS 65

Washington, Oct. 17.—Under a war
department decision announced today,
the minimum strength at which Na-
tional Guard infantry companies may
be maintained after July 1, 1921, is
65 enlisted men. Recruits may be
enlisted up to the day on which
National Guard organizations leave
their home stations for their annual
field training.

GERMANY EXPELS SOVIET DELEGATES

Russian Attendants at Independent
Socialist Conference at Halle,
Ordered From Country

(By The Associated Press)

Berlin, Oct. 17.—M. Vinovietz
and M. Losowsky, Russian Soviet dele-
gates to the Independent Socialist con-
ference at Halle, have been ordered
by the German government to leave
the country. Their expulsion will be
carried out under the direction of
the Prussian minister of the interior.

Pending their departure, the Rus-
sians will be under close police sur-
veillance and will not be allowed to re-
ceive or communicate with friends.

(By The Associated Press)

Halle, Oct. 17.—Two distinct revolu-
tionary parties, one pledged to the
dictatorship of the proletariat through
an alliance with the third interna-
tionale, the other working toward
proletarian comradeship, in opposi-
tion to Moscow, have developed out
of the Red and Independent Socialist.
The left majority under the leader-
ship of Eamonn Hoffman and Otto
Bass, the young leader of Rhineland,
conferred today on the question of ex-
ecuting an agreement with Moscow
for a world revolution and directed
the district leaders to prepare for a
strike. The minority under the joint
presidency of Ledebour and Christen,
in a separate convention laid plans to
communicate with the revolutionary
forces in all countries opposed to Mos-
cow and prepare an organized move-
ment against Bolshevik methods.
They adopted Herr Ledebour's resolu-
tion of sympathy with Bolshevik aims
but expressed unalterable opposition
to a policy of "destruction and terror-
ism," on which Sovietism proceeds.

The two conventions adjourned, both
claiming the old party name. The
struggle for the party machinery, in-
cluding Freiheit, is expected to be
fought out in Berlin.

After voting yesterday, the adhe-
rents of the party to the third inter-
nationale of Moscow, the independ-
ent Socialist conference elected Adolph
Hoffman, leader of the radical wing
of the Democratic party, as the party's
president. The minority faction,
which had been defeated by a vote of
237 to 156 on the question of adhesion
to the third internationale, had pre-
viously left the hall, the communists
winning continuing in session.

In the majority session, continuing
after the election of Herr Hoffman,
greetings on behalf of the third in-
ternationale were extended to M. Vin-
ovietz, the Soviet emissary to the
gathering. He urged the conference
to send a representative to communist
international organizations.

POLES VIOLATE ARMISTICE

Occupation of Minsk Has Been Ac-
complished Since Signing of Pact.
It Is Reported.

London, Oct. 17.—A wireless dis-
patch received here today from Mos-
cow asserts that since the armistice
between the Poles and Soviets was
signed the Poles have occupied Minsk.
The dispatch says the Poles should
have been in this city in accordance with
the treaty and declares that the occu-
pation should serve as a warning to
Russia to continue to strengthen the
western front.

Other dispatches say that General
Wangel, General Petura, General
Savinkoff and General Volokhovitch
are negotiating with a view to uniting
their forces for an offensive against
the Russian Soviet armies and that
Count Paken in Latvia is collecting
the remnants of the army of General
Cdenitch for the same purpose.

HINT MEDIATION IN MINE STRIKE

English Labor Manifestation Is De-
void of Passion on Either
Side Thus Far

"SAVE COAL" SLOGAN

Sweden and Denmark Have Winter
Supply Secured and Face
Strike Composedly

(By The Associated Press)
London, Oct. 17.—Outside of some
unofficial conversations between the
various labor leaders, there has been
no noteworthy developments in the
miners' strike today. Everywhere
there is talk of the possibility of me-
diation, but up to late this evening no
steps had been taken.

With the exception of the food
ministry, which today presented a
scene of activity recalling the times
of railroad strike last year, all the
official departments were quiet. One
effect of the strike will be, it is ex-
pected, to bring the industrial crisis
into greater prominence than the Irish
question when parliament reassembles
Tuesday. There is much speculation
whether in the event of the railroad
men or transport workers deciding to
support the miners by sympathetic
strikes, thereby precipitating a still
graver industrial crisis, the govern-
ment would decide to appeal to the
country by a general election to en-
dorse the course taken by it.

Little Passion Is Evident.

London, Oct. 17.—"No strike ever has
been entered upon with less passion
on either side," said the Manchester
Guardian, commenting on the coal
miners' strike. "The good will may
not last under the pressure of the
strike, but it is a great help that the
strike is not being entered into in an
atmosphere of unreasoning anger."

The tenor of virtually all the editorial
comment of the newspapers of the
week-end was "keep your head and
save coal."

Reports from Stockholm and
throughout Sweden shows that Swe-
den is able to face the British coal
strike composedly because her winter
fuel consumption is provided for, says
an exchange telegraph dispatch today.
Throughout the whole of Scandinavia
in fact there are sufficient stocks to
last for three months, with careful
use, adds the message, and only a pro-
longed strike could materially affect
communications and industry.

Denmark is said to have sufficient
coal to last until January, her rail-
road stocks are large and her indus-
tries are facing the strike with equa-
nimity. Lighting service will continue,
although restricted, and the theatres
will be closed one night each week.

FIND STUDENT DEAD ON ISOLATED TRAIL

Though Murder Is Suspected, Val-
uables Worth Several Thousand
Dollars Were Untouched

Philadelphia, Oct. 17.—The body
of Elmer C. Drewes, a student of Dar-
mouth, who left his home here yester-
day to return to college, was found
with a bullet through the top of his
head on an isolated road in the north-
ern part of the city early today. The
police believe he was murdered.

Money, bonds and jewelry, valued at
several thousand dollars were found
untouched in the young man's pockets.
Drewes was a graduate of the of-
ficers training camp at Plattsburg, and
during the war acted as military in-
structor at Princeton university.

Hanover, N. H., Oct. 17.—Elmer
C. Drewes, whose body was found in
Philadelphia today, left Dartmouth on
Friday last for his home in West Phil-
adelphia. He told his room mate, H. L.
Heath of Trenton, N. J., that he was
making the trip for the purpose
of buying an automobile from Samuel
Magee of Reading, Pa., a student of
the University of Pennsylvania. He
had planned to return here today.

Drewes was a senior at the Tuck
school of finance, a department of
the college. To assist in paying his way
through college, he had acted as sten-
ographer for several of the professors
and with his aunt, Miss Hanson, had
conducted an eating club for students.
He was described as quiet and a good
student.

MAYOR MACSWINEY PASSES SIXTY-SIXTH DAY OF FAST

London, Oct. 17.—Terrence Mac-
Swiney, lord mayor of Cork, passed
the sixty-sixth day of his hunger strike
in Brixton prison, fairly well, said to-
night's bulletin on the lord mayor's
condition, issued by the Irish Self De-
termination league. "He kept part of
the day. His physical condition is one
of ever increasing weakness, but his
mind is clear, keener and more active
than ever. This afternoon he con-
versed with relatives."

Rome, Oct. 17.—Pope Benedict,
according to information secured to-
day, has referred the problem of the
status of Lord Mayor MacSwiney of
Cork and other Irish hunger strikers
to the congregation of the Holy Office.

MORE FATAL RIOTS OCCUR IN IRELAND

Deaths Are Reported From Dublin
and Belfast as the Result of
Clashes With Military

Dublin, Ireland, Oct. 17.—Sergeant
Roche of the Royal Irish constabulary,
who has just arrived here from Tip-
perary to identify the body of Mr.
Tracey, who was shot during the dis-
turbances in Talbot street Friday, was
shot dead this afternoon on the Ter-
mond quay. A man and a girl also
were wounded by the shots of his as-
sailants.

A former soldier named Robinson,
who was shot Friday night in Dublin
by two men describing themselves as
Republican police, died last night.

While Constables Flaherty and
Dykes were on patrol duty in London-
derry late Saturday night, Flaherty
was killed by shots fired by some un-
identified person.

Dublin, Ireland, Oct. 17.—An official
report says that while three officers
and eight soldiers were proceeding in
a boat today on Loughrea, county
Galway, they were fired on by a large
party of civilians on shore. Two of
the officers and one soldier were
wounded. The fire was returned, with
undetermined results.

The account says that the party
was returning to Athlone, where on
Saturday night a large printing plant
was partially destroyed by incendiary
bombs.

Belfast, Ireland, Oct. 17.—Two
deaths occurred today as a result of
the rioting in the Marrowbone dis-
trict of North Belfast Saturday night.
The victims were Matthew McMaster
and William Mitchell, who succumbed
to gun shot wounds. One man was
killed outright during the rioting and
several others were seriously injured.

INTEREST RATES HURT SECURITIES

Unjustifiable Rates Demanded by
New York City Blamed for
Market Condition

Washington, Oct. 17.—Unjustifi-
able interest exacted on demand
loans by New York city banks has
been an active contributing cause of
the "huge shrinkage" in all security
values during the past year, Comptroller
of the Currency Williams de-
clared tonight in a formal statement.
He charged that call money rates in
New York were the highest in the
world and that "renewal rates, fixed
daily by a small coterie" of stock ex-
change brokers, governed the interest
charged on brokers' loans in nearly
all New York banks.

"The raising or lowering of the re-
newal rate on the exchange," said Mr.
Williams, "is frequently accompanied
by upward or downward movements
in stocks or securities; and those re-
sponsible for the fixing of the rate,
therefore, have the opportunity,
whether exercised or not, of profiting
largely by operations in the stock
market, which is so often and directly
affected by the call money situation.
I do not, of course, undertake to say
that this informal 'money committee'
does take improper advantage of their
own knowledge, but there are critics
who severely censure existing arrange-
ments. Certainly all prudent and
thinking business men will agree that
there is danger in the concentration of
such opportunity and power in the
hands of a few persons. Temptations
to use this power for individual profit
must arise, and human nature is not
changed by high position in the finan-
cial world."

SURE G. O. P. TICKET WILL WIN IN STATE

Chairman of Republican State
Committee Predicts Big Plurali-
ty in State and Nation

New York, Oct. 17.—George A.
Glynn, chairman of the Republican
state committee, in a statement here
tonight predicted that the Republican
state ticket will run on even terms
with the national ticket and that both
will "sweep the state by a record break-
ing plurality." His prediction, he said,
is based on reports received during
the last week from county chairmen.

"The national ticket is expected to
carry New York city and all the lead-
ing New York areas that the state
ticket has an even chance of carrying
the city," the statement added. "Ev-
ery report brought to us is that the
Democrats have abandoned all of
their candidates and are centering
with desperate vigor upon an effort to
try and re-elect Governor Smith. The
loss of the women vote in this city,
as well as throughout the state, has
taken the pep out of Tammany."

"Because women like Mrs. John
Sherman Crosby of this city and Mrs.
A. H. Hildreth of Syracuse" have an-
nounced their support of the Repub-
lican candidate and charged that
"Charles F. Murphy dominates Gov-
ernor Smith," the statement declared.
"The women everywhere are forsak-
ing the party and Tammany is get-
ting no new women voters."

TWO 'TRUSTIES' FLEE SING SING

Life Termers Fell Three Keepers,
Steal Automobile of Ossining
Resident and Escape

STILL IN VICINITY

Reports of Holdups by Fair Reach
Sing Sing from Garage Owners
and Tourists

Ossining, Oct. 17.—Seven pos-
sibly numbering more than 150 men,
tonight spread out over the country for
several miles in the vicinity of Sing
Sing prison in a search for George
Sivers and Marcus Bassett, "trusties,"
who escaped last night after telling
three keepers an astounding auto-
mobile from an Ossining resident.

Abandoning the first machine at Mt.
Kisco, they stole another and since,
according to reports received by prison
officials today, have been traveling
about the country, dodging back and
forth across the border between New
York state and Connecticut, holding
up motorists and compelling garage
keepers at the point of a revolver to
furnish them gasoline.

Have Only One Revolver.

Officials believe the men are armed
with only one revolver. It was thought
at first they obtained rifles from the
guards they overpowered in escaping.
One rifle taken from a guard was
recovered by another and today all
of the prison weapons except the re-
volver were accounted for. Before
leaving the prison the men cut the
wires to the Bertillon rooms prevent-
ing the officials from sending out
descriptions immediately.

Before leaving Mt. Kisco, they were
heard from at Newton, Conn., where
they entered a garage and forced
the proprietor to furnish them
with gasoline. At Derby,

CHURCH HELPS SPOONERS

New York House of Worship Fits Up Parlor for Lonely Couples.

A "spooning parlor" has been fitted up in the basement of the Union Methodist church, on Broadway, New York city, where lonely couples may gather and whisper to each other of their undying love.

Any young woman can bring her "beau" and sit in front of the gas logs. The "spooning parlor" is intended for young women who have no homes in which to entertain their friends. It will be open until 11 o'clock every evening, and will be in charge of Miss Grace Ferry, as chaplain.

Miss Ferry and her staff of women assistants are working under the direction of Rev. John G. Benson. Whether holding hands in the "spooning parlor," will be permitted has not yet been decided by the church authorities.

"Twin" Cousins on Twin Honeymoon. Marriage did not end the nineteen-year parallel in the lives of Hettie Kline and Gertrude Helle, cousins. The girls were born at the same time—Jan. 2, 1901—in the same house in Williams, Ohio. They were married at the same time recently in South Bend, Ind. Miss Kline became Mrs. Ezra Maugherman and Miss Helle became Mrs. William Everly. Following the double ceremony the couples left on a double honeymoon.

TURK GOVERNOR IRON RULER

Most Feared Man of North Anatolia Coast; Drives Liquor Out of Country

Kerrassoude, Anatolia, Turkey.—Osman Agha, the newly designated governor of Kerrassoude, is probably the most feared man on the north coast of Anatolia.

When the nationalists selected Osman Agha to impress Greeks, Armenians, Jews and Turks alike into Mustafa Kemal's army they took into their camp a man who would have been a terrible menace in opposition ranks and who is merciless in executing the orders of the Ankara government.

Osman Agha has been for years the self-constituted boss of Kerrassoude. Until recently he was only mayor of the little city. But no provincial governor could give the old bandit chief orders. In fact, he always managed to unseat all provincial officials. Turks, Greeks, Armenians and Jews fear him alike, but had to obey his orders.

Osman Agha was even a self-constituted regulator of women's fashions. He rated the high-heeled shoes and short skirts which Moslem women copied from their French sisters.

He dried up Kerrassoude by methods as direct as those of the late Carrie Nation. Without warning he went to all the liquor shops and poured all the spirits into the streets.

Immoral women became too conspicuous in Kerrassoude. Consequently he ordered that the heads of all such women be shaved. Many of the women left the town.

Fiber Box Saves Wood.

The fiber box is considered an important factor in forest conservation, since only about one-sixth of its raw material is new wood pulp. The rest is almost wholly waste, according to the forest bureau of the department of agriculture, which says:

"At least half of fiber is old newspapers, screenings, wrapping paper, paper boxes and such material. But rope and bagging are no less products of the waste heap. The increased price paid for old papers since fiber board boxes stimulated the demand has resulted in drawing supplies from small towns and rural communities, where formerly no one went to the trouble of collecting such material. It has encouraged also the diligence of scavengers who search the alleys, ash cans, and public garbage dumps in cities."

Coffee Imports.

Nearly 1,500,000,000 pounds of coffee were imported during the fiscal year ending June 30, 1920.

IMPORTANT EVENTS
RIFE ON EXCHANGE

Further Price Cutting and Strengthening of Investment Continues to Go Hand in Hand

New York, Oct. 17.—The week in the financial market was replete with interesting events, which included payment of the greater part of the outstanding balances of the Anglo-French half billion dollar loan and a strong investment inquiry of new capital issues of approximately \$100,000,000.

No less important is the bearing upon the immediate future of securities market were the many surface indications that the prolonged period of credit contraction is approaching a natural conclusion.

It is almost a year since the federal reserve board began to put the brakes on speculation by the steady withdrawal of funds for non-essential purposes.

That period has witnessed a drastic revision of commodity prices and reduction of issues, with inestimable benefit, it is claimed, to finance and industry.

Further price cutting and a strengthening of the investment situation continues to go hand in hand. Taking last week's bond market as a criterion dealers reported a marked increase in private unreported sales of high grade bonds on an ascending scale.

In the stock market falls of all kinds were again the dominant issue. Shares of recognized worth and dividend record mostly moved to higher levels, especially the coals while low grade or reorganized properties gained ground, mainly on their potential values.

The devious courses of various favorable industrial stocks were generally ascribed to the many uncertainties which continued to beset the steel and iron trade. Likewise copper, textile, leather and kindred raw and finished materials.

It is highly probable that discussions of absorbing interests and significance will engage the attention of leading producers at the conferences of the American Iron and Steel Institute to be held in this city the latter part of the coming week.

The reactionary trend of foreign exchange was governed chiefly by the more ominous aspects of industrial conditions in the British isles. Moderate selling here for Amsterdam accounts resulted from financial readjustments now proceeding in the Netherlands.

AGED SCENEVITS WOMAN.

Mrs. Fannie Houck Dies at 81 After Brief Illness.

Seneca, Oct. 17. — Mrs. Fannie (McCashey) Houck died at her home here Saturday morning after a short illness, aged 81 years. She had been crippled with rheumatism for many years, but was able to be up and about her room until about a week before her death. Her sister, Mrs. Jane Young, died at Binghamton two weeks ago, and she was the last member of her family, except two nieces, Mrs. Wm. L. Haines, with whom she lived, and Mrs. H. A. Rich. The funeral will be held at the house Tuesday at 2 o'clock. Rev. Frederick Connelley officiating. The remains will be taken to Afton for burial in the family plot at that place. Mrs. Houck was a member of the Methodist church and was possessed of many endearing qualities, and will long be remembered by a large circle of friends.

TWO DELAWARE WEDDINGS

Miss Augusta Rose and Horace E. Brown married at Hobart—Mildred Margaret Gladstone and Wilbur Scott Oles at Delhi.

Hobart, Oct. 17. — On Thursday, October 14, Miss Margaret Rose of this village and Horace E. Brown of Fall's Church, Va., were married at Rosemary farm, the home of the bride's parents, Mr. and Mrs. Hugh K. Rose. The day was a perfect one in every respect, the clear skies, the softly tinted autumnal foliage and the gentle winds of a day which might save for the falling leaves been of June rather than October, adding to the pleasure that was deemed to be a memorable event in the lives of the bride and groom-to-be. The ceremony, which was performed at noon by Rev. Mr. Arrutage, the bride's pastor, on the porch of the Rose residence, was witnessed by 100 guests assembled upon the spacious lawn.

The bridal party was preceded by the Misses Mary King and Eleanor Sanford, nieces of the bride, who were attired in dainty gowns of white orpards and carried large bouquets of pink and white chrysanthemums. The bride's gown was of cream satin with point de Venise lace and she carried an exquisite bouquet of rare cream roses. The impressive ring service of the church was used. The Swedish wedding march was played by Miss Doris S. Homan preceding the ceremony, and was followed by the wedding march from Lohengrin. Immediately following the service Mendelssohn's wedding march was played and the guests repaired to the porch and parlors, which were beautifully decorated with autumn flowers and leaves, and for a long heartfelt congratulations, a delicious repast, which was proof of the culinary skill of Mrs. Rose and of Mrs. Burroughs, her cateress, was served. The wedding gifts were of unusual value, and the good-will expressed was priceless.

Later Mr. and Mrs. Brown slipped quietly out of a side door, but not so quietly that they were not observed and liberally showered with confetti. After visiting Boston and other points of interest, they will reside at Falls Church, Va. Among numerous guests at the wedding were Mrs. Brown and Mrs. Ryer, mother and sister of the groom, who arrived earlier in the week.

Hosts of friends congratulated them and wish them joy; and all will welcome their future visits to Rosemary farm.

Autumn Wedding at Delhi.

Delhi, Oct. 17. — The Second Presbyterian church was the scene of a brilliant autumn wedding at 4 o'clock Saturday afternoon, when Mildred Margaret Gladstone of this village, became the bride of Wilbur Scott Oles, only son of George Oles, also of Delhi. At the appointed hour, Mrs. Leah Griffith of New York sang "Oh, Promise Me," and as the strains of the Lohengrin wedding march pealed from the organ, played by Miss Grace Robinson, the bridal party entered the church. The bride, who was attired in white net and satin, with veil of tulle fastened with orange blossoms, carried a bouquet of bridal roses and came leaning on the arm of her uncle, Andrew J. Franklin. The little flower girls were Harriet Gladstone of Walton and Florence Townsend of Binghamton. They wore yellow organdie and carried baskets of blue and yellow flowers. The bride's only sister, Miss Marion Gladstone, was maid of honor. She was gowned in Nile green organdie, with hat to match, and her bouquet was of yellow chrysanthemums. The best man was Howard Graham of Delhi.

The bride was met at the altar by the groom, and a very impressive double ring ceremony was performed before a large company of friends and relatives by Rev. George Makery, pastor of the church. The bride was given away by her mother, and the prayer and benediction were by Rev. Frank H. Seeler, the former pastor.

The church was a bower of nature's handiwork. Autumn leaves, pine boughs, white artemisia and yellow daisies were interwoven with fine effect. Following the ceremony and reception, the latter at the home of the bride's mother, Mr. and Mrs. Oles departed by auto on a trip to the Thousand Islands. On their return they will be at home in the G. A. Heckroth house on Clinton street.

The bride, who is one of Delhi's most charming young ladies, is a graduate of the Delaware academy and of the Oneonta State Normal school. After teaching successfully for some time she took up community service work at the beginning of the war at Bloomfield, N. J., continuing at that place until about three months ago. The groom, who is a popular young resident of this village, is a graduate of the Delaware academy and of Cornell university. He served with the engineers in France during the war and on his return engaged in the insurance business in Delhi.

DEATH OF CALVIN BUTTS.

Worthy and Respected Resident of Davenport Dies Saturday Morning.

Davenport, Oct. 17. — The most profound regret was felt throughout this village and township on Saturday, when it was learned that Calvin Butts, a life-long resident had expired at about 9:30 o'clock that morning. He had been ill of pneumonia for about nine days, and though it was known that his condition was serious, it was hoped that his naturally vigorous constitution would enable him to survive. An attack which of account of his advanced years was necessary much to be feared. The funeral services will be held at 10 a. m., standard time, Tuesday at his late residence. Rev. R. L. Cornell, pastor of the Methodist Episcopal church of this village, will officiate and burial will be in the family burial ground at Butt's Corners, one and a half miles above this village.

Mr. Butts was born February 5, 1846, and was a son of William and Laura (Johnson) Butts at the homestead near Fergusville. He was by occupation a farmer, most of his active life being spent on what is known as the brick

THE NUMBER PLATES FOR 1921.

The automobile owners of the state of New York, who for the past two or three years have experienced considerable inconvenience on account of delay in receiving number plates, particularly when they were ordered in February or March, after the rush was on, will be gratified to know that there is apparently no likelihood of any such trouble the coming year. Formerly the plates were made by a St. Louis firm, and what with labor troubles and freight difficulties owing to transportation half way across the continent, the office of the Secretary of State was often practically without plates to meet a constantly increasing demand.

Instead of being on the other side of the Mississippi, the factory which this year will turn out the plates will be in the state of New York. Months ago arrangements were made for having the plates made in the Auburn State prison; and though there was some delay in getting the work done, it now seems that there will be no further difficulty. On September 15 there had been 50,000 sets of plates completed, and with two shifts of 50 men employed, it will be possible for the prison to put out 50,000 sets of plates daily. At this rate the state should have at least 500,000 sets of plates ready by the beginning of the new year and thereafter there will be plenty of time to finish the 200,000 or 300,000 more as they are needed. There will be no strikes or labor troubles in Missouri to contend with if the plates are made at Auburn; and the fact that they were produced in New York assures speedy delivery as needed.

It is of interest to know that one ordinary freight car will be adequate for the shipment of 25,000 sets of plates. For 700,000 sets there would be 28 freight cars required, a pretty long and heavy train. In connection with next year's registration, Secretary Hugo is predicting at least 700,000 motor vehicles in the state—550,000 passenger, 110,000 of commercial types, 50,000 motorcycles and 10,000 electric, with a revenue to the state of eight and a half millions of dollars.

THE WOMAN WHO MARRIES

Does Not Necessarily Lose Vote Th' Enrolled in Maiden Name.

Justice Kellogg, who returned Friday from Norwich, where the trial term of supreme court for Chenango county has been adjourned to November 15, calls attention to an item which has been largely circulated and copied to the effect that if a woman has registered for the coming election and subsequently marries before such election, she will be disqualified for that reason from voting on November 2. "That," says Justice Kellogg, "is not the law. The attorney general also has given his opinion very recently that the statement is wholly erroneous. It is doubtless true that if the woman voter after marriage changes her election district within 30 days before election she would be disqualified, the same as any other elector."

No young woman, therefore, who has planned to be married during the next two weeks, need fear to do so for fear of disqualification, providing she does not change her election district by so doing.

JUSTICE KELLOGG PRESIDES.

Will Open Term of Supreme Court at Cooperstown This Morning.

Justice A. L. Kellogg of this city goes this morning to Cooperstown, where in the absence of Justice Tutthill of Binghamton, who on account of the necessity of closing other legal matters under consideration by him will not be able on that day to be present. The grand jury will be called and charged and will begin its deliberations. The calendar will also be called and the trial of cases which are ready will begin.

It is probable that Justice Kellogg will preside for two or three days, after which it is expected that Justice Tutthill will take up the work.

Bermuda Trip Abandoned.

Owing to the illness of Mrs. Fred H. Breece in New York city while awaiting the sailing of their ship for Bermuda, where they planned to spend their honeymoon, the trip was abandoned for the present and they have arrived in Oneonta and are at the parental home. Maple street. Mrs. Breece suffered from pneumonia pneumonia, being taken ill shortly after their arrival in New York city. Her condition was quite serious for a couple of days, but she has practically recovered. It is now planned to take the trip after the holidays.

Undergoes Operation.

Miss Mercy A. Miers, age 51, who has been a nurse in this city for about 35 years, was operated on at the Parshall hospital Saturday afternoon at 5 o'clock for strangulated hernia. Dr. Brinkman, assisted by Drs. Parish and Smith. The operation was successful and she is reported as doing as well as can be expected.

THE COMPLETED ENROLLMENT

Larger Than Last Year, But Short of Estimated Number of Qualified Voters—Total is 4,608.

Saturday was the fourth and last day of registration in Oneonta, and while the figures are much in excess of those of any previous year, they are not believed to come within several hundred of reaching the total of men and women who are entitled to vote. The exact figures, as obtained through the courtesy of the members of the various boards of registration, show that there were 4,608 residents of Oneonta of legal age who completed their qualifications by enrolling on one of the four days of registration. Comparison with the preceding days shows that much work was done Saturday in getting out the voters, and though it is known that in some instances individuals absolutely declined to enroll and expressed indifference as to the result of the election, these were the exception rather than the rule. The enrollment by districts, with the total registration for a year ago, was as follows:

	1920	1919
1st ward, 1st dist.	474	329
1st ward, 2nd dist.	403	284
2nd ward, 1st dist.	464	363
2nd ward, 2nd dist.	468	400
3rd ward, 1st dist.	391	230
3rd ward, 2nd dist.	443	350
4th ward, 1st dist.	260	185
4th ward, 2nd dist.	437	293
5th ward, 1st dist.	384	270
5th ward, 2nd dist.	318	199
6th ward, 1st dist.	279	201
6th ward, 2nd dist.	287	192
Totals	4,608	3,247

As will be seen, the above figures are an increase of 1,254 over 1919. In 1919, the last preceding gubernatorial election, the total registration was 3,501.

It is noted as a peculiar fact that in the second district of the third ward 397 voters had been enrolled before the first "E" was recorded, though this is by no means an uncommon first letter for a surname in this city, and that this was the sole "E" out of a total of 443 names altogether.

CLARKE OF DELAWARE.

Republican Candidate for Congress Addresses Voters of Oneonta.

The first smoker and rally of the campaign by the Republican club of the city of Oneonta was held Saturday evening at Municipal hall. There was a good attendance of both men and women, and great interest and enthusiasm was manifested. The speakers of the evening were John D. Clarke of Delhi, who is the Republican candidate for representative in congress, and Hon. James S. Whipple, former State Conservation commissioner, who concluded a series of six addresses in Otsego county with his speech of Saturday evening. Owen C. Becker esq. was chairman of the evening and in a brief address presented Mr. Clarke as one with many friends in Oneonta, where numerous former residents of Delaware county now reside.

In his introduction, Mr. Clarke spoke a word of greeting to his new friends and to those of his boyhood days, and continued by briefly outlining the things which he wished to be identified with in this campaign. These things, he said, are the old and true standards and ideals which made our country great. Wierd theories abound, strange doctrines have been presented, often unchallenged on account of indifference or thoughtlessness; but he believes that the country is setting back to its old ideals again, and the ship of state to its own safe moorings.

A President and senate should be elected, he said, who have the courage of their convictions, and who will stand for the policies of government which always have been maintained, and of which, from the earliest days he gave an interesting and eloquent outline. In conclusion, he definitely outlined his own policies in the event of his election and stated that he stood for the full enforcement of the Eighteenth amendment. From the beginning, Mr. Clarke had the close attention of his audience, and the salient points of his address were heartily applauded. The impression made by him was excellent, and at the close of the meeting many remained to greet him personally.

The second speaker of the evening, Hon. James S. Whipple, gave an interesting address, in which the policies of the present administration were severely criticised, and the election of the Republican national, state, district and local tickets was urged.

TO RESUME ROAD BUILDING

State to Let Contracts for 12 Highways on October 29—Extensive Construction Planned for 1921.

Next season probably will see several new highways under construction in this section as State Highway Commissioner Frederick S. Greene has notified Governor Smith that contracts for new construction which were suspended last April will be resumed October 29 when proposals for 12 highways will be received. An elaborate construction program for 1921 has been prepared according to the commissioner and in spite of labor and material shortages it is hoped to make notable progress. The decision to let contracts was strengthened by requests from leading contractors, who will shortly complete all work in hand and who are now preparing for their 1921 activities. If the state does not continue road building, many reliable contractors will be forced to seek employment elsewhere.

The proposals for the construction work will be received on October 29 for 12 highways. Should this letting prove favorable, a second letting is contemplated in November for roads upon which winter work may be carried on advantageously.

The 1921 program for new construction will be published in November, and if conditions warrant, further proposals will be received during February, March and April, in order that new work may be under way throughout the state early in the spring, with good prospect that important roads may be completed in one working season.

At the time the 1920 construction program was suspended there were 183 roads under contract. Of these, 25 have been completed and 78 are now more than 50 per cent completed.

TO MEET AT COOPERSTOWN.

Children's Cruelty Prevention Society in Annual Meeting Saturday.

One of the interesting county events is the annual meeting and luncheon of the Otsego County society for the Prevention of Cruelty to Children, which is scheduled for Saturday, Oct. 23, at Templeton lodge, Cooperstown. This society, which was organized at a luncheon of fifty leading citizens from all over the county at Oneonta in July, 1917, has grown to such an extent that its members now number many hundreds, with a director in each township who is in charge of collecting funds and promoting interest in the work in his or her community.

More than 100 of these members will attend the luncheon Saturday and each director will make a report. There is great rivalry among the townships as to how they will stand on the honor list which is published each year showing the amount contributed by each in proportion to their population.

Dr. Charles Johnson, one of the ablest speakers in the state and Miss H. Ida Curry of New York will be guests and speakers at the luncheon. Hon. C. C. Flaesch of Unadilla will be another of the speakers and Miss Hazel M. Foster, the society's agent, will make a report of her year's work.

Bunn Family Leaves Oneonta.

The family of Walter Bunn, who some time ago left for Buffalo, where he has a position with a leading shoe store, leave Oneonta Tuesday for the former city, where they will hereafter reside. Mr. Bunn was for several years an employee of the Murdoch shoe store and many friends of himself and family, while regretting their removal, will congratulate him on the wider opportunities which have offered.

Lightning Strikes Hop House.

During the thunder storm of Saturday afternoon, lightning struck the hop house of Henry Bradley, on his farm about 1½ miles above Milford village on the state road to Cooperstown. Both gables of the building were torn out and boards and shingles were scattered over a wide area. Fortunately the building did not take fire, but the loss from the bolt was considerable.

Propagating Sweet Potatoes

(National Crop Improvement Service.)

CONTRARY to the general opinion, sweet potatoes may be raised in any state in the Union where there is a sandy soil on a sunny slope. There have been wonderful potatoes grown in Sargent Co., N. D., and in the northern counties of all of the northern states.

Regular sweet potatoes 8 or 9 inches long with a flavor that when eaten with fried chicken, makes you forget the "possum and sweet taters" of the South.

Started in a sand bed in the house from sprouts and set out when frost danger is past, they may be dug and picked in September.

Of course in the southern states they are the standard crop and should have every attention.

Sweet potatoes may be propagated by vine cutting when a late crop of potatoes is wanted, but some growers prefer to plant their crops by means of slips.

The amount of sweet potato slips or "draws" to be obtained from a

bushel of seed, depends upon the size of the roots. They are removed from the parent potato carefully and transplanted.

The seed potatoes should be held down with one hand while the slips are being removed. They will not all be ready at one time and only those which have formed good roots, should be drawn. Fuddling the roots in mud is desirable to keep them from drying out. After the slips are pulled, water the bed to settle the soil where it has been disturbed.

"There is a state-wide campaign now under way in Arkansas," says Mr. Frank Baackes, V. P. American Steel & Wire Co., "to obtain a larger yield of better potatoes in order to make another big money crop. The Nancy Hall variety has been selected the kind for all to grow. The campaign is being conducted by all of the interests in the state, and the result will undoubtedly be a much larger yield of more satisfactory potatoes."

WITH DELAWARE DAIRYMEN.

Annual Meeting Takes Place Next Saturday in Delhi.

The annual meeting of the Dairymen's league in Delaware county will be held at Delhi on Monday, October 25. There will be a meeting of the officers of each local branch in the morning at 11 o'clock, at which Bradley Fuller, a prominent league booster, will deliver the address. Leaders are planning to make this convention the largest meeting of dairymen ever held in Delaware county.

Advisory Councilmen Meet.

About 65 representatives of the Farm and Home bureau were present at the advisory council meeting held last Thursday at Hobart. H. C. McKenzie, president of the Farm bureau, presided. The tentative program for 1921 was presented by different men of the committee which had been working on it. After a general discussion, it was adopted as the program for the coming year's work. At the special women's session in the morning, Mrs. D. H. Bucknam, Home Bureau manager, presented the tentative program for the Home Bureau work for 1921 and Mrs. L. H. Wheeler led the discussion regarding the program. The meeting proved of great interest to all in attendance.

LOCAL MENTION.

—The faculty reception to the High school students is announced for Friday evening of this week.

—There was a good attendance at the clam chowder supper given at the Lutheran church Saturday evening. The net proceeds were \$50.

—The D. & H. Federation of Shop Crafts and Clerks will hold a dance at Dreamland hall this evening. Breese's orchestra will furnish the music.

—Senator Wadsworth will be the chief speaker at a Republican rally to be held at the Oneonta theatre this morning at 11 o'clock. The public is invited to attend.

With Cox-Roosevelt Boomers.

The Women's Cox and Roosevelt club will hold their regular meeting at Democratic headquarters this evening, commencing at 8 o'clock, when addresses will be given by Clermont C. Tennant of Cooperstown and Herbert B. Leary of Richfield Springs, candidate for member of assembly. As both of these men are well versed in present campaign problems, it is expected that there will be a large attendance of women Democrats, all of whom are invited.

The men held a rally last Saturday night, with an enthusiastic crowd present. Mr. Tennant and James P. Friery of Schenectady were the speakers, and touched on the League of Nations and state issues. The meeting was entirely successful and the men expressed themselves as confident of the outcome of the November election.

Dr. Alton at First Presbyterian Church.
Rev. A. C. Alton, D. D., a member of the faculty of the theological seminary at Colgate university, occupied the pulpit at the First Presbyterian church yesterday morning in the absence of the pastor, Dr. Russell. Dr. Alton, who is an appealing speaker, delivered a worth-while sermon on a timely topic and afterwards, many favorable comments were heard from his auditors. There was a good-sized congregation present to hear the speaker. While here Dr. and Mrs. Alton, with their children, were guests at the Oneonta.

Dr. and Mrs. Russell, who have been sojourning at Atlantic City for the past few weeks, are expected home during the present week, with the beloved pastor resuming his church work next Sunday.

JUDGE MILLER SPEAKS

Prefers No League to Wilson League, If That Be Issue of This Campaign

YOUNG TEDDY GIVEN OVATION

Saturday Morning's Republican Rally Well Attended—Judge Miller Arraigns Opponent for Ignoring National Questions — Mrs. Whitney Urges Women to Vote for Whole Ticket Including Wadsworth.

Judge Nathan L. Miller, Republican candidate for governor, addressing a well-attended rally at the Oneonta theatre Saturday morning at 10:20 o'clock, in referring to the League of Nations, emphatically declared that "if the issue to be decided is between the Wilson league or no league, then we say the American people have decided that there shall be no league at all." The sentiment was applauded. Later in his 35-minute address, after referring to the brave American boys lying under the sod of France, he asserted with equal emphasis that "we are not going to allow anybody without the approval or congress to decide when other American boys shall be sent to a similar fate."

Judge Miller arrived from Binghamton aboard a special train, after halting at Bainbridge, Sidney and Canadilla, being met at the latter place by a delegation of Oneonta Republicans, who accompanied him to Oneonta, as did also Hon. L. M. Cowles of that place. At the station here the party were met by other Republicans and the Oneonta City band and escorted to the theatre in motor cars. The main floor was practically filled with some voters in the balcony. Seated on the platform were representative Republicans of city and county.

Hon. Charles Smith presided and in his introductory remarks he said that years since the late Dr. James M. Milne, who came from Cortland to become principal of the Oneonta State Normal school, told him of a very promising young man then attending the Cortland school who possessed good judgment, close application and firm principles, and requested that he watch the career of this young man. I have done as Dr. Milne requested, said the chairman. I have seen him advanced from one position of responsibility to another, always discharging each with fidelity, and I now have the pleasure to introduce him to you as the Republican candidate for governor.

In opening his address Judge Miller said that he was glad to hear the chairman refer to Dr. Milne, for he was one of the teachers to whom I look back to as having given me the right stimulus, the right incentive, the right start in life. I always associate his name and that of Frank D. Blodgett, who was a schoolmate of mine, with Oneonta.

Referring to national issues, Judge Miller said in part:

I notice this morning that our standard-bearer in the nation has said, as of course everyone who knew anything about him knew he would say, that he is for salvaging everything that is good in the League of Nations, or in any other project that is brought forward. He stands as the Republican party stands, squarely on the proposition of establishing an association of nations to promote peace, not an association, not an agreement to make war—an association of nations based upon principles of international law and justice governed by a great international court and not a super-state, not some executive council, not an overlordship of five powers over all the rest of the world, but an association of equal nations with equal sovereignty and equal rights to be protected by the establishment first of all of a great court to decide these questions according to right and justice, and not to set up a council of nine men to settle the affairs of the world according to the selfish individual or national views of the different representatives in that council. But the secretary of state informs us this morning that it is impossible to have such an association as that because he says that Article 22 provides that the members of the League shall not enter into any other association, and that all these other powers have already entered into the League. Well, he evidently has not been observant of the signs of the time. He is evident, although he is in the best position of anyone in America to know about it, in the department of state which ought to be in touch with what is going on in the world. He has evidently failed to note the fact that the other powers on the other side of the water have for a long time been indicating that they are quite willing to change this wonderful League of Nations or "League of Nations," as I heard it called by Doctor Stryker of Hamilton college the other night. He has evidently failed to take note of the recent evidences that already this structure which was based fundamentally on sound principles is crumbling, and that the various powers on the other side are already talking about withdrawing from this organization which is working just as anybody might have known it would work, for the selfish interests of the various members composing it. But if the learned secretary is right, and if the issue to be decided is between the Wilson League or no league, then we say the American people have decided there shall be no league at all.

Turning to state issues, the candidate declared that his opponent is seeking to avoid the issue of the Wilson league and evidently thinks that it is more important that he be elected governor than that this great issue be settled right. I want you to know that I do not consider my election is nearly so important as it is first of all to decide upon the preservation of America and the election of Harding and Coolidge. Continuing, the speaker said that his opponent claims to be the father of workmen's compensation.

(Concluded on Page Eight.)

RECITAL AUDIENCE WONDERS

At the Marvelous Reproduction of Human Voice by Edison Phonograph—Given by Miss Corder and Miss Collette at Oneonta Theatre.

The joint recital given last evening at the Oneonta theatre under the auspices of M. C. Dales, local agent for the Edison phonograph, Miss Leta Corder, soprano, and Miss Lucile Collette, pianist and violinist, was attended by a large audience that filled the first floor and balcony with the gallery half filled. Doubtless some were disappointed when they discovered a phonograph cabinet occupying the center of the stage; before they left the theatre, however, they were given a most delightful surprise, the recital being one of the most satisfactory ever heard in the city. The vocalist possesses an exceptionally good voice, her tones being unusually clear and full, while her companion might justly be termed a wizard with the violin.

P. R. Hawley, of Albany, at the opening explained that the purpose of the recital was to illustrate that Thomas A. Edison, after years of work, had achieved his ideal of perfecting a musical instrument that will actually recreate music, so that the recreation will be indistinguishable from the original. This was established during the evening for the artist, standing beside the New Edison, sang and performed in unison with the instrument. They paused from time to time and permitted the recreations to be heard alone. While there must have been some slight diminution of volume when the artists stopped singing or playing, it was not noticed by the audience, and only by watching the singer's lips or the violinist's bow could one be sure when they played or sang.

The selections were of unusually pleasing character and nothing more delightful in a musical way has been heard in the city in months. During the evening each of the artists was presented with a beautiful bouquet with the compliments of Mr. Dales.

SWELL BUILDING FUND.

Tithers' Association of First Methodist Church Making Fine Record.

In addition to liberal contributions to the regular church budget and all the various activities of the church at home and abroad, the Tithers' association of the First Methodist church of this city yesterday made the people of that church happy, announcement being made at the morning service by I. S. Davley, president of the association, that it had presented to the church a \$500 bond toward the new church building project. This is the fourth contribution of this size to this fund since the Tithers' association was formed less than two years ago. O. B. Rowe for the trustees accepted the gift, voicing the appreciation of the society for the excellent record the association is making.

Mr. Davley announced also that the association had presented to the church for the use of the Sunday school and other organizations meeting in the parlors a fine piano to replace the one that had become impaired by the advance of time and by use, it being a McCammon purchased when that instrument was made in Oneonta years ago. W. Irving Bolton responded in behalf of the Sunday school in accepting the gift. This also represented an appropriation of \$500.

It is interesting to note that the contributions annually made by the Tithers, who form only a small part of the church membership, exceed the entire budget of the church but a few years since.

ANOTHER REPUBLICAN RALLY

Senator Wadsworth to Speak at Oneonta Theatre This Morning—Will Motor Into Delaware This Afternoon.

Senator James W. Wadsworth Jr., following closely on the heels of Judge Nathan L. Miller, will deliver a campaign speech in Oneonta this morning in an effort to convince Oneontans of his fitness for the office which he has held and to which he seeks reelection. As Mr. Wadsworth is battling near the territory where his Democratic opponent, Lieutenant Governor Harry C. Walker of Binghamton, has a large personal following, the senator is making an effort to reach as many of the people as possible.

Mr. Wadsworth is expected to arrive in Oneonta at about 10:45 this morning and will be escorted from the union station to the Oneonta theatre by the City band and a committee of local Republicans headed by County Chairman Frank Sherman. The program at the theatre, which probably will be presided over by Mr. Sherman, is scheduled to commence at 11 a. m. sharp. In addition to Mr. Wadsworth's campaign broadside, there will be brief talks by the other members of Mr. Wadsworth's party and selections by the band. Chairman Sherman extends an invitation to the public generally to be in attendance.

After the rally and a dinner at the Oneonta, Senator Wadsworth and his party will take to an auto and make a foray into Delaware county. Their first stop is scheduled for Franklin, but the time has not been fixed, as there are liable to be delays in the cross-country trip. Later in the afternoon, the party will stop at Walton, and will wind up the day with a big rally at the Delhi opera house in the evening. Mr. Wadsworth and his aides plan to spend the night in Delhi, that village having made unusual preparations for the reception of the campaigners.

PALE, NERVOUS WOMEN

Told How to Acquire Strength and Energy.

Since Fitol was first introduced here some years ago it has made a great many friends among our women, because it is such an unusual remedy. It is the dried liver medicine ever to have been made without the oil and nauseating grease, and the iron employed in its composition is an improvement over old-fashioned iron. Many women were who were once pale and sallow and always tired, are now robust and strong, because Fitol certainly and quickly creates red blood and makes one's daily food produce the necessary nourishment to good health.

The Capron Company, Inc.

Business Established 1872

A full figure can be as stylish today as a "Thirty-Six"—and in ready-made garments.

The day is past when designers considered only "The perfect Thirty-Six."

Still, stylish clothing for full figures is not easy to design; it is not easy to select, it is not easy to fit.

A garment must be more than a garment. It must be a study in lines. Certain lines must be subdued; certain lines must be accentuated. Yet through it all must run style, style, style.

And the full figure, well fitted in a carefully designed garment, gains height. Other lines are reduced. The correct mode is carried out as completely as in smaller sizes.

For six years we have specialized in full sizes.

We have found that makers of small size garments cannot make the larger sizes as well as makers who confine themselves exclusively to them. By studying the field carefully, we believe we represent the best to be found anywhere.

The fitting of full figures demands knowledge and experience. We believe that years of selecting and fitting these garments gives us a unique qualification.

We have an unusually large and well-selected stock of coats, suits, dresses and separate skirts, both for full and regular figures.

JUDGE MILLER SPEARS

(Continued from Page Five)

tion, which was inaugurated by a Republican commission, and made possible by an amendment to the constitution submitted by a Republican legislature. In passing, I may say, without immodesty, that I know as much about the subject as he does for I personally wrote the opinion of the court of appeals sustaining the constitutionality of the act, and have been for a number of years actually participating in a study of industrial conditions.

The governor brands me as reactionary, and Judge Miller near the close of his address, and the reason he gives is because I have declared frankly that I do not agree with the proposition that the government of the state owes any man or woman a living. He must take the opposite view. I am willing to present that issue to the intelligent people of the state of New York. There are those who believe that society owes an obligation to take care of the individual. They are most numerous at the present time in Illinois. There are some in this country, but the American doctrine, the doctrine upon which the future of America depends, is summed up in the declaration that they are under an obligation to earn that living for themselves. The state should prevent oppression and abuse of power. It owes a duty to see that conditions are such that everyone can get his just deserts. If we maintain that principle, we shall continue this a free land where the lowliest may aspire for himself, his children and his friends to anything, which true merit and honest endeavor may attain.

At the conclusion of Judge Miller's address, Chairman Smith introduced Mrs. Whitney of New York, who spoke briefly, saying that the women are interested in the issues of the campaign and promising their support to all, including Judge Miller and Senator Wadsworth.

Jeremiah Wood, candidate for lieutenant governor, and Col. Theodore Roosevelt were then introduced, the chairman expressing a regret that the time for the train to leave had arrived. The son of the famous American sprang to the front of the stage with the observation that he did not "care a darn about train time," he simply wanted to say that the issue is Americanism and the preservation of our national independence of action and he wanted to appeal to all voters to stand for "America first and America free. Go to it!"

Young Roosevelt was given a hearty cheer and he evidently caught the crowd. He has much of the personality of the father and the audience admired his characteristic comment and appeal. Judge Miller was obliged to

share honors with him during the remainder of their stay in the city.

The Meeting at Cooperstown.

The meeting at Cooperstown, which was held Saturday at 12:30 in the Veterans hall, was largely attended, practically every seat being filled, several hundred persons being present. Judge Miller and Col. Theodore Roosevelt, introduced the speakers who were Judge Miller and Col. Theodore Roosevelt. The speech of the former was devoted to large part to state issues, while that of Col. Roosevelt touched on a great extent on national policies and the League of Nations. There was hearty applause, enthusiastic tribute being in particular paid to the latter speaker.

Celebrate Golden Anniversary.

About 30 relatives visited and surprised Mr. and Mrs. John Yager yesterday, in honor of their fiftieth wedding anniversary. After a bountiful repast the guests enjoyed a pleasant afternoon and departed wishing Mr. and Mrs. Yager many more happy anniversaries and leaving a nice sum in gold as a remembrance of the day. The bride of 50 years ago was also presented with several beautiful bouquets.

Death of Mrs. Walter Clague.

Mrs. Walter Clague, formerly of this city, died Saturday at the Binghamton State hospital, of which she had for some time been a patient. Mr. and Mrs. Fredend Clague of 199 Chestnut street, the former a brother-in-law of the deceased, left yesterday for Binghamton. Later the body of Mrs. Walter Clague will be brought to Oneonta for interment.

TROUBLES FROM MY AGE

Mrs. Baney tells how Lydia E. Pinkham's Vegetable Compound Helped Her Through the Change of Middle Life.

Rochester, Ind.—"My troubles were from my age and Lydia E. Pinkham's Vegetable Compound helped me wonderfully. I took doctor's medicine and other patent medicine, but the Vegetable Compound has helped my nerves more than anything I have ever taken. I am thankful to the one who recommended it to me and will surely do my part in telling others what the medicine has done for me."—Mrs. LETTIE BANEY, 468 East 9th St., Rochester, Indiana.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Baney.

Funeral of Azro Wellman.

The funeral of the late Azro Wellman, for his entire life a resident of the town of Milford, was held at 1 p. m. yesterday at the home of Mrs. Maude Bliss, who had cared for him during the last weeks of his illness. The service was conducted by Rev. W. W. Ward, pastor of the Milford Center Baptist church, and interment was in the Mt. Vision cemetery. Many friends and relatives were present at the services and a considerable number accompanied the body to the grave.

The statement appearing in The Star of Saturday to the effect that Mr. Wellman had no near relatives was incorrect. He is survived by one sister, Mrs. Charles Hughes, of Elm street, this city, and a brother, Lewis Wellman, of Milford township.

"Gone Are the Old Days."

We are all slaves. Wrists were made for manacles. One day back at the desk after a vacation and we are going through all the old motions with as much facility as if there never had been a lapse into Elysium. Yea, the pen is mightier than the machine, the typewriter more potent than the racket, and as for the "call of the wild," its "urge" is not comparable with the information that "the boss wants to see you." It was all very fine while it lasted. But its purpose was to make the harness feel a bit lighter. And unless you had a vacation, there could not be such thing as a vacation.—Cincinnati Times-Star.

Card of Thanks.

We wish to extend our sincere thanks and appreciation to the members of Chapman division, No. 45, of the Order of Railway Conductors, and especially to Conductor George C. Last Night's Audience Mystified by Phonograph

Drawn from actual photograph

Hears famous soprano
compare voice with RE-CREATION by Edison's new phonograph--could not tell the two apart

MISS LEETA CORDER, the popular soprano, gave an extraordinary recital last night at the Oneonta Theatre.

Miss Corder walked on to the stage and stood beside a stately cabinet. She began to sing "Villanelle." The audience immediately yielded to the spell of her beautiful voice. Then suddenly there was a stir—a subdued murmur of surprise. The voice continued to fill the auditorium with undiminished sweetness—your ears were proof of that—but her lips had become absolutely silent—your eyes told you that.

What wizardry was this? It was the test of direct comparison with the living artist, which Thomas A. Edison has developed to demonstrate that the Official Laboratory Model of his new phonograph will sing any song exactly as it was sung by the artist, and that his Re-Creation of a singer's voice, as it comes from his wonderful new phonograph, positively cannot be distinguished from the singer's actual voice, when both are heard in direct comparison.

Miss Corder made repeated comparisons—always with the same result. It was truly wonderful. This master achievement of the great wizard, Edison, marks a new epoch in music.

The NEW EDISON

"The Phonograph With A Soul"

You can have a duplicate of the wonderful instrument used at the Oneonta Theatre and, if you act quickly, we can furnish you with an engraved certificate (signed by Miss Corder) certifying that it is an exact duplicate in tonal quality of the instrument she used in her amazing comparison; also that it will sustain precisely

ly the same test.

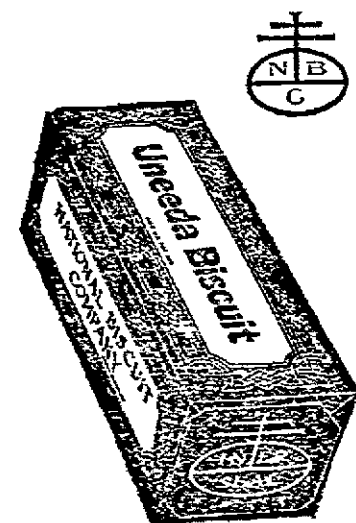

We have ten of the famous Official Laboratory Models and Miss Corder has certified every one of them. Come to our store at once and ask to see and hear the Official Laboratory Models on which Miss Corder has issued her Certificates of Authenticity.
